F O R E W O R D

WE have pleasure in presenting a new edition of our Furniture Catalogue. The designs have been brought up-to-date and several new pages added.

It will be noted that the contents of this catalogue are offered only, as generally typical of our stock, they are merely a few specific examples from which you may or may not be able to choose what you are looking for.

If you cannot find it and will let us know what you want, we will post to you photographs or drawings of the particular article you are requiring.

We get many such enquiries and they are attended to promptly, and with satisfaction to the customer.

We can, and often do, plan and design special articles to meet the wishes of our customers.

A Price List accompanies this Catalogue but such price lists have to be revised from time to time, and should this Catalogue have been long in your hands, enquiry as to whether the relative list is current is suggested.

BEDDING and WIRE MATTRESSES

We Make up Bedding in

HORSEHAIR, KAPOK AND FIBRE

Our best Bedding is stuffed with curled horsehair specially sterilised, and covered with the old-fashioned striped linen ticking, which has not yet been surpassed, in three qualities, A, B, and C, as quoted below. Our Kapok is imported from Java, and provides a luxurious interior for those who prefer a soft mattress, and we supply in six qualities, A, B, C, "Special," D, and E, as quoted below.

The FIBRE mattress is mostly used for outdoor sleeping and makes a comfortable, though hard, bed.

Our Kapok and Fibre mattresses are covered with Belgian Ticking, which is made of cotton.

We also make COT BEDDING in three grades of hair, kapok, and fibre at prices and sizes enumerated below.

We pay special attention to REMAKING OLD MATTRESSES, teasing out the hair, and making new cases when necessary. The price depends upon the size of the mattress, and these prices will be found below in tabulated form.

Vi-Spring Mattress

A luxuriously comfortable, durable British production that ensures the maximum of sound, refreshing sleep.

Our many friends and customers will be interested to learn that we are the sole agents in New South Wales for the Vi-Spring mattress.

It is practically impossible to describe the unique comfort of the Vi-Spring—we believe it to be a mattress without a peer.

Furthermore, it is so constructed that it is exceedingly durable and absolutely hygienic.

The illustration shows a Vi-Spring mattress opened to show the construction; the secret of its great resiliency and comfort is the series of small springs, each in a separate pocket, as you will notice where the inside and outside cases are turned back.

We have an immense stock of materials suitable for the above, both plain and figured including Cretonnes from 1/11 per yard to Printed Linens at 25/-.

An excellent plain material we advocate is Cairndale Cloth, which we guarantee to be unfadable. It is 50 inches wide, at 12/9 per yard. Samples sent on application.

A skilled Cutter will be sent on request to any address, but in no other way can we guarantee a satisfactory service. Attempts have been made from time to time to cut New Covers from old ones or from paper patterns, but never satisfactorily, and we have therefore determined that we must in every case cut from the actual articles to be covered.

Cretonne Cushions, filled Kapok, suitable for Verandah use, from 8/9 each.

Poplin Cushions, in a variety of shapes—Round, Square, Oblong, Oval—with 3-inch gathered borders and insertions, 29/6 each. Or in best quality Satin, 79/6 each.

A few Model Cushions usually on hand.

Poplin Cushions, cheaper quality, 22 inches square, piped same material, no borders, 12/9 each.

FABRICS for WINDOW TREATMENTS and

LOOSE COVERS in large variety always in stock.

LAMP SHADES.

The increasing use of Electric Lighting has given a great impetus to the use of these charmingly decorative adjuncts to any colour scheme.

We have made special arrangements for the production of these things in our own Workrooms, from a range of exclusive materials imported for the purpose, and in the result are able not only to offer a great variety of stock shades, but to carry out special ideas as may be desired from time to time.

We have facilities for producing Hand-painted Shades, which are a charming variant to the more ordinary forms and can be made to strongly reflect the purchaser's individual taste.

The advantage of frequent importations of the latest London and Paris models in these goods maintains our stock at a high standard of attractiveness.

Special Figured Silks, Fringes, Bead Fringes, Wire Forms, Gimps, and all the small accessories for the production and use of these goods are held in stock and patterns are always available on request.

Artistic Treatments

In selecting Curtain Treatments for Windows we can give you much valuable information for securing the most artistic results. Certain kinds of windows demand an individual treatment peculiar to themselves.

No. 1. Window in this style, say, 6ft. 6in. wide and 4ft. 6in high, with curtains and valance in printed cretonne, and dwarf curtain in net. Including all fittings

Price - 78/6

Good taste and convention dictate the amount of material to be used, and our long experience in this class of work has taught us much. A few suggestions are given in this Catalogue—but they are only suggestions. On receipt of the measurements of the windows for which you want curtains, we shall be happy to submit patterns of materials and make suggestions for suitable treatments.

Window Treatments

It must not be thought that a treatment need be costly to be artistic. Many of the best results are accomplished with the least costly materials. The gift of imagination and a sense of harmony will do more than a large expenditure.

No. 2. Coloured poplin curtains and valance with applique cretonne, and cotton casement cloth curtains to draw Size, 12ft. round bay by 6ft. 6in. drop. With fittings
